RE: Mining Operations
on ML 27374

Dear Mr. Nelson:

The Division has decided upon a course of action concerning the mining of ML 27374 without an approved mining and reclamation plan as was described in the Division letter to you of October 4, 1979. The Division hereby directs Numa Corporation to do the following:

1. To regrade the mined area to its approximate original contour,
2. To seed the affected area with an approved seed mixture,
3. To submit notice to the Division that the above two directives have been carried out, and
4. To perform the above within 30 days of receipt of this letter.

Failure to comply will result in a hearing before the Board of Oil, Gas and Mining at its January meeting. Should you have any questions concerning this action, please contact the Division.

Sincerely,

RONALD W. DANIELS
COORDINATOR OF MINED LAND DEVELOPMENT
